# Bi-Annual Group Picture Scheduled for March 14, 2022

It is time for Wings Over Wendy's bi-annual group picture to be taken. We have scheduled the picture for March 14, 2022, at the auditorium, 7401 Schoup. With LA County's guidance that indoor masking is no longer necessary, Larry Kushner will take the photo indoors with the group spread across the auditorium stage. A successful test was conducted following the meeting on February 28.

Please let Howard know if you plan on attending. **Remember the time changes on the 13th. "Spring ahead!"**  
(Continued page 2)

# Zoom Participants

For out-of-town Zoom participants, send Ed Reynolds a picture wearing a WOW hat and shirt or a blue shirt and dark ball cap with a plain background. We will photoshop you into the photo.

We now have twenty regular Zoom participants who are not local. Out of towners: Bill Wishard, Rob Swihart, Marlon Ruiz, Howard Waldman, Alan Hill, Richard Chambers, CAPT Shep, and Howard Lewis have participated in over half of our meetings.

The February 28<sup>th</sup> meeting was the 100<sup>th</sup> weekly Zoom meeting, and we went international with Rob Swihart's son-in-law, Steve Orr, who participated from the UK. Over 300 have participated in our Zoom meetings

## **Chip Stevens Awarded Certificate of Recognition from the LA City Council**

(Continued page 3)

Ron Rubine also presented Chip Stevens with a Certificate of Recognition from the Los Angeles City Council for his support of Wings Over Wendy's on behalf of Councilmember John Lee.

The certificates for David and Chip read:

*The City of Los Angeles and the Twelveth Council District hereby recognize you for your commitment to serving our veteran community through your tireless work at Wings Over Wendy's. On behalf of the City of Los Angeles and the Twelveth Council District, we thank you for your dedication and wish you success in all of your future endeavors.*

## Secrets of War – The Gulf War Steel Rain

On February 7, 2022, the featured presentation was another episode of the *Secrets of War*. This one was titled *The Gulf War Steel Rain*.

The video provides insights into how the U.S. planned its air attacks against Iraqi forces during the Gulf War. For example, we saw some of the remote-controlled devices that American forces launched to thwart Iraq's radar system. among other sequences.

As this program reveals, the Iraqi forces occupying Kuwait stood little chance against the superior air power of the U.S. Several pilots who flew highly sophisticated spy planes like the RC-135 are interviewed during this video, as well as such designers of the air war as Major General (Ret.) Larry Henry, and Dr. Robert Hopkins III, former pilot of, and an expert of the various RC-135 aircraft that participated in the operation.

Charlton Heston provided the show's narration.

## Steve Klausner - Laser Weapon Systems

On February 14, 2022, Steve Klausner talked to us about the development by Hughes Aircraft Company of Military Laser (Light Amplification by Stimulated Emission of Radiation) Weapons. Steve was the project manager at Hughes during the development and deployment of the weapon systems. (Continued page 4)

Photo by Larry Kushner

Steve talked about five Military LASER Systems:

- NPT Navy Pointer Tracker (High Energy Laser)
- LDT Laser Target Designator
- MULE Moduler Universal Laser
- G/VLLD Ground/Vehicle Laser Locator Designator
- F/A-18 Pod
- FLIR LTD/R Forward Looking Infrared Laser Target Designating/Ranging System

He showed us pictures of the systems in different configurations as he discussed each system.

He went into great detail about the configuration and use of the G/VLLD Ground/Vehicle Laser Locator Designator:

- Targets Azimuth, Range, and Elevation
- No spotting rounds, first round hits
- Pulsed LASER (1,000 codes)
- 13X Magnification
- 7 1/2 inch Dia. Objective Lens (Very bright picture)
- Max Range = 5 kilometers (3.1 miles)
- Demonstrated handoff = 18,000 m (11.2 mi)
- Operator LASER placed 90% energy on target at 9,000 meters (5.6 miles) with 95% confidence

Steve discussed that all LASER guided weapons in inventory and development in the United States. They include:

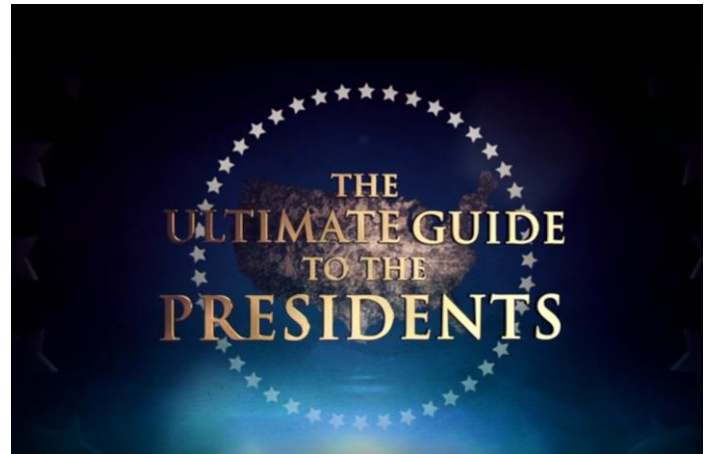

- Cannon launched guided projectile, Hellfire missile and Copperhead missile.
- LASER guided bombs
- Aircraft launched Maverick missile.

Steve finished with pictures of deployments:

- Backpack
- Humvee
- Bradley Fighting Vehicle
- Fast attack vehicle (Dune buggy)
- Helicopter

He noted that the LASER Systems are employed by several allied countries

### How the Presidency was Formed (1789-1825)

On February 21, 2022, we saw the episode *How the Presidency was Formed (1789-1825)* from the History Channel series *The Ultimate Guide to the Presidents*.

The United States of America was a bold invention of enormous risk. An 8-year war of independence, followed by intense political debate, produced a government of, by and for the people,

The episode discussed how Congress decided on how to choose a President. The first Presidential Election and then how to address the President.

When George Washington was elected President, it described how he conducted the office, the idea of a cabinet of advisors, and where to locate the seat of government.

Once an area between Virginia and Maryland was determined, the episode described how Washington oversaw the construction of the capital.

Washington determined the best foreign policy for the new government was to be neutral in European Wars.

(Continued page 5)

We also learned that President Washington started the option of only serving two terms. The episode then discussed differences in the Presidency of John Adams, Thomas Jefferson, James Madison and James Monroe. The significance of the Louisiana purchase, the War of 1812, and Dolly Madison saving items from the British burning the White House.

It was a good review of the residency to be shown on Presidents Day.

# The Causes and Consequences of the Ukraine Crisis - Why is Ukraine the West's Fault? by John J. Mearsheimer

On February 28, 2022, BobEisenhart and Ed Reynolds reviewed videos that would best explain the current Ukraine crisis. Unfortunately, it is so new we could not find a video that addresses the current conflict. Still, Bob found a 2015 analysis that addressed the Crimea crisis in Ukraine and discovered that the issues and the US decision-makers are the same in 2022 as they were in 2015.

Dr. Mearsheimer started by discussing the divide in language and ethnic background in Ukraine.

## Ethnic Breakdown of Ukraine

The above slide showed that the country is divided with Russians or Russian-speaking people living in the east and south while ethnic Ukraine live in the west.

Mearsheimer then displayed slides showing that the same divide appears with the east voting for Russian candidates and the west voting for Ukraine candidates in elections. A similar split was shown in slides that listed polls that show the people in the western area cities favor Ukraine joining NATO and the EU while the people in the eastern cities do not.

The professor concluded that NATO countries should not push to have Ukraine join NATO or the EU. Instead, develop a compromise economic system and make Ukraine a neutral buffer zone between NATO and Russia.

It was a very thought-provoking lecture.

Canoga Park's Fire Station 72 & Other Remembrances from Battalion Chief Joe Weber, LAFD Retired

## Joe Weber Spoke at the Canoga-Owensmouth Historical Society

On February 9, 2022, Joe Weber was the featured speaker at the Canoga-Owensmouth Historical Society monthly Zoom meeting.

Following WWII, Joe joined the Los Angeles Fire Department in 1948. His first assignment was Fire Station #66, east of Culver City. He was promoted to Autofireman (Apparatus Operator) in 1951, to Engineer (Driver Pump Operator) in 1954, and Captain in 1957. In the mid-1960s, he was assigned as Acting Battalion Commander, Battalion 15, which included Station #72 housed in the building that now serves as the Historical Society museum.

Joe was promoted to Battalion Chief in 1967 and assigned to Battalion 5B in Hollywood. He retired in 1979.

He described the typical duties, the different positions they manned on duty, and the differences in living in big fire stations versus the small stations.

Joe talked about incorporating the Paramedics and ambulance service into the Fire Department and his challenges as a Battalion Chief accommodating the first female paramedics in the stations in 1978.

Service in the LAFD was a family affair, and Joe talked about his oldest brother Arlyn who retired as a Captain in 1954 and his older brother Roy who retired as a Captain in 1972.

Arlyn, Roy and Joe

Joe then shifted to talk about the history of the Owensmouth Fire Station.

Pre-1931 location on Remmet Street

Canoga Park Fire Station: 1931 to 1978 (SEAGRAVE 750 GPM Pumper)

Joe's family were on the Zoom call, and a lively discussion of his life took place during the Q&A session.

Following his talk at the Historical Society, Joe and Bill Ratner gave a presentation to the current LAFD Station #72 located on De Soto Avenue in Canoga Park.

**Twelve Commandments  
For Seniors**

- #1 - Talk to yourself There are times you need expert advice.
- #2 - "In Style" are the clothes that still fit.
- #3 - You don't need anger management. You need people to stop pissing you off.
- #4 - Your people skills are just fine. It's your tolerance for idiots that needs work.
- #5 - The biggest lie you tell yourself is, "I don't need to write that down. I'll remember it."
- #6 - "On time" is when you get there.
- #7 - Even duct tape can't fix stupid - but it sure does muffle the sound.
- #8 - It would be wonderful if we could put ourselves in the dryer for ten minutes, then come out wrinkle-free and three sizes smaller!
- #9 - Lately, you've noticed people your age are so much older than you.
- #10 - Growing old should have taken longer.
- #11 - Aging has slowed you down, but it hasn't shut you up
- #12 - You still haven't learned to act your age, and hope you never will.

And one more:

**"One for the road" means peeing before you leave the house!**

# In Memoriam

We learned that one of our WWII hero members had passed in the last week of January 2022.

## **Richard G. Guyer** **10/15/1924 to 01/29/2022**

### **PROUD, BRAVE, ACCOMPLISHED**

Richard “Dick” Guyer was one of Wings Over Wendy’s great WWII US Army veterans.

Dick grew up in Minnesota and enlisted in the US Army upon his High School graduation. He was a member of his high school’s ROTC unit and worked as a lifeguard.

The United States entered the war during his Senior year and with many of his classmates, he enlisted in the military the day after graduation. He was underage and had to wait until he turned 18 to go on active duty. Dick had signed up to be a photographer but was sent to California to train as a Radio Operator at UC Davis.

Six months later, he was shipped to the east coast to board a boat that he thought would take him to Europe but instead, his ship traveled thru the Panama Canal to the South Pacific.

While stationed in New Guinea, he was assigned as a radio operator for the Alamo Scouts of the 6<sup>th</sup> Army. All through the re-conquest of the Philippines, the Alamo Scouts roamed many miles through territory held by the Japanese and sent back priceless information for the guidance of our advancing troops. The Scouts ranged far north of the island during the Leyte operations, organizing guerrillas and setting up crucial coastal watching stations. From these stations, the Alamo Scouts sent the first news of Japanese convoys rushing reinforcements to Leyte so that a few hours later, our Air Force was able to sink more than twenty transports, liquidating thousands of Japanese troops.

Dick was one of the radio operators relaying the information. Because of their exploits, the Alamo Scouts received numerous decorations. These include fifty four Silver Stars, two of those with Oak Leaf clusters; thirty-three Bronze Stars, eleven of these with Oak Leaf clusters and four Soldier’s Medals and three awards of the Distinguish Service Cross.

A more complete story may be read in an article in The Saturday Evening Post, June 30, 1945.

Following the war Dick returned home obtained a degree from the University of Minnesota, married, had four children and settled in California.

He was very proud that one of his sons served in the Army but unfortunately, his two sons did not outlive Dick.

Dick was a very proud and active member of the American Legion Post 817, Wings Over Wendy’s and the Alamo Scouts Historical Foundation. He would bring a copy of a book of their history to the Wings Over Wendy’s meeting and readily shared stories with those sitting near him. He will be missed. RIP Dick.
